The Cope Of Heaven

**WOLFO**

Born 1960 in Hagen, Wolfo (Wolfgang Dehmel) grew up in company with many other musicians from this region who are nowadays well known in Germany (e.g. Nena, Extrabreit, Grobschnitt etc.).

After winning the „Bundesrockmusikpreis“ in 1978 as the lead guitarist of his band at this time, he has been part in a plenty of recording-sessions.

By now Wolfo looks back on 40 years of musical experience in different genres with many renowned artists.

**FLO**

Born 1962 in Paderborn, Flo (Florian Pritsch) has been much more than just a musical buddy for Wolfo during the last 25 years.

In the 80s Flo studied composition and music theory at the university for music in Detmold.

Well known as an outstanding keyboarder he was e.g. engaged for a tour with Ian Paice (DP) in 2007 and accompanied Jon Lord † (DP) with arranging his „Concerto“ at the theatre Hagen 2008.

Ian Paice (DP) and Wolfo in 2007

Jon Lord † (DP) and Flo in 2008

„The Cope Of Heaven“ is inspired by the cerebral stroke which Wolfo's guardian angel sent to him in 2010 as a reminder for the main purpose of using his skills during life on Planet Earth.

After total recovery Wolfo started to express his near-death experience in the form of music.

The result is what you hold in your hands: A CD full of love and gratitude, exalted joy, sentimentality and highest level musicality.

**I will scramble up the cope of heaven,  
bopping 'round in all of space and time.  
I still descry your four dimensions.  
Look out for the star that will be mine!**

**ALEX**

Born 1988 in Jena, Alex (Alexandra Bonn) spent the last 4 years perfecting her unbelievable talent and skills with professional vocal training in the genres of musical, classical and popular music.

Alex underlines „The Cope Of Heaven“ with a unique, emotionally rousing vocal expression which is absolutely peerless.
